August 2008

*Dear  
Friends,*

I am almost finished with my second book. When I read it, I think I have had a miracle almost every day of my life. From loving friends and animals to just needing things and receiving them in miraculous ways. The following is a verse of one of the pages. This is the feeling of a new child when I sit down with them.

It's titled *Today We Shared.*

Today I sat across from you  
I know you wondered and then I knew  
That you felt a deep desire  
To share with me in this hour  
Of all the things you want in life  
All the things that cause you strife  
When I took your hand in mine  
We both knew this was the time.

In Service of the Children,

Barbara J. Condo  
Founder and Executive Director

*The cost of preparing a child for school is \$250. If you would like to sponsor a child in full or partially, please note on your gift that the intended purpose of the donation is for school clothing and supplies.*

## *Child of the Month*

*There are children who need someone so much. This is a story of one such child who found a friend. His name is Elvis. Elvis is a Standard Schnauzer. One day a lady asked if we could take Elvis. She could no longer keep him due to a health condition. The day that Elvis came, he ran to one boy and stayed by his side. The boy was so overjoyed that someone loved him. He took him to counseling and said "This is Elvis. He's my friend." And yes, Elvis snuggled right up next to the little boy. They have both found unconditional love and life begins for a boy and his dog*
