January 2010

Dear Friends,

I write this letter to thank you for all you have done for the children.

Myself, I had emergency surgery on the 20th of December. This was a little frightening, but I was home by Christmas Eve, and again awaited Christmas.

I called the shelters and could hear the children over the phone as paper shook, rattled and rolled. There wasn't time for any of the children to come to the phone, I could just hear the "Thanks, Ms. Condo, get well". Then a staff worker said "I think they are too busy to talk". "That's okay, just so I know they are happy and are children again". They are because you cared and love them unconditionally.

Child of the Month

Children express their feelings in many ways. Some just sit and cry. Some just hold onto their unwrapped presents.

Here are a few comments;
"I can't believe it" from Candy
"You said they would get it"
"My class ring, that's all I wanted"
Where did they get all the toys?
I never had Christmas before!

Just as many Christmases before, some began to rewrap the presents and put names on them for their little sister or another loved one to give them presents. For it is more blessed to give than to receive.

This makes your heart hear and your spirit feel the love of a child.
